Cowboy Preacher Sees Miracle!

At the end of the service, at the end of his preaching and singing the Cowboy Preacher sat down.

The home preacher stood and walked to the pulpit. All was silent: waiting. Then the preacher spoke about being blessed and being a blessing. He asked what was owed on the Cowboy Preacher's 2015 F450 Truck.

The Cowboy Preacher paused before he answered. The amount seemed mountain-high...but God...!

The preacher did not even stumble on the amount. He talked with the people God had placed in his care about supplying the need. Then a vote was taken. It was unanimous, and a check was written for the full amount!

What a miracle! God is so good! That same week the Cowboy Preacher contacted the Bank that held the note and paid the truck off!

Post Script - One member came to the preacher afterwards to say he was against it because the Cowboy Preacher had bought another Ford! 😊

Wyoming State Fairs Blessings

Douglas Baptist Church in Douglas, WY had a booth at the State Fair. There were many blessings during the week including 5,000 free tickets to a Gospel Concert handed out! The Sunday Night Concert had 50 first time visitors in attendance!

Storms

We arrived in Pleasant Hill, MO and set up just before the sky darkened. Thunder busted the skies and dumped rain. A crash split the air outside of the camper! Chills spread as we imagined a big limb overhead cracking, tumbling and whacking our camper roof.

We ran to the door and threw it open. Then we laughed! It was only a mountain of plastic crates the wind had tossed and wildly stacked outside our door. After the storm, Cowboy Greg stacked and roped them together. However...we bet there was a lot of laughter in Heaven! (Photos on next page)

Tempted and Tried

In September as we were leaving Platte Valley Baptist Church early on Monday morning, our bedroom slide bit the dust! Our slide stopped part in and part out. It was grumpy!

We called the place where we purchased our camper, and they helped us tremendously...and the slide wouldn't budge, it was frozen in place. The verdict was to replace the Schwintek slide system which had to be ordered and especially made to our specific measurements!

Oh the time waiting is hard for a roaming cowboy! We watched for the FedEx truck and watched many pass us by!

We could not go anywhere unless Sandy sat on top of the hood and held a sign "WIDE LOAD"! She was a poor sport and refused! (continued on next page)

Tempted and Tried (continued)

Finally a FedEx truck turned in! Yahoo! The part had come.

We had a professional Mobile RV Service Technician, Tony, come install the system. He knew exactly what to do, even though it gave him some unexpected twists and trials.

We thank the Lord for Bro. Tony. What a gentle and calm heart he had. Of course his heart belonged to Jesus!

We are also thankful to Platte Valley Baptist Church for not charging us rent for the extra stay we had while waiting on everything to get done!

Storms (Continued)
